Yes, it is intentionally altered, but it is her writing.

Do you really think that will do any good?
If she denies it, there's no way to prove it.
Say something you bastard!
...It wasn't me.
It was not I who lured her out.
I got a note from Candy asking me to come out.

For what purpose is he here?

I need to speak with you Sister Grey.

It is my first and last request.
I'll only take a minute.

There's no way. It was Dad's fault.
When mother died, he got drunk and came here to make scene often.
Fever is very severe.
But I gotta do something.
What if?
That rash...
Not to worry.
I am here.

Let me go!

You must have over heard our conversation.
But...
We were kidding.
Just fantisizing way to make money.
Just a joke.

You think we are really capable of such thing?
No...
...eye glasses? ...why you ask?
no, money!
We can put you on a ship, but it requires some money.
Ang way, do you have some of these?
I don't have anything.

Well, let us contemplate a little more, then.
I don't know how old you are...
I'm fifteen.
Then, you must know that you need money to get on a ship.
But aren't you a sea captain?
well... yes... but...
so you must have a means.
My ship only transports luggage from shore to bigger ships.
I can get into Harbor without any help. I did not have high hopes from Mr Carson's friend, but...
I'm sorry. You must had high hopes
Mr Jenkins
Not to worry Mr Jenkins. I'll make it to America
I'm sure there is a way, even with no money.
Unlikely
Only option would be stowaway

We must get up early, go to bed.
Let me us finish these

Please forgive me
I deeply appreciate kindness you've shown me over the years.
Please forgive my insolence.
Please allow me to chose my own path.

One is in Africa...
The other left every thing behind
I'm leaving to find my own path
Please understand

And it's my dream to be one.
You are mature beyond your years.
I'm already fifteen.
